

Warden Message

February 27, 2008

Dear Warden and Registrant:

Please share the following information with all American citizens as soon as possible. Please contact the American Citizen Services section via e-mail (ConsularQuito@state.gov), fax 2561-524, or telephone 2562-890 ext. 4561, if you have any questions.

The U.S. Embassy Ecuador wishes to inform American citizens visiting or resident in Ecuador of the continuing threat of terrorist attacks, demonstrations, and other violent actions against U.S. citizens and interests overseas. Past patterns suggest that the death of the senior Hizballah operative Imad Mughniyah on February 12 in Syria raises the risk in the near-term of reprisal attacks against Israeli or U.S.-linked targets, and such attacks could be conducted anywhere in the world, including Latin America. These attacks may employ a wide variety of tactics including suicide operations, assassinations, kidnappings, hijackings, and bombings. The target of such attacks are not always government facilities; they can also include high-profile sporting events, residential areas, business offices, hotels, clubs, restaurants, places of worship, schools, public areas and locales where Americans gather in large numbers, including during holidays. American citizens are encouraged to maintain a higher level of vigilance and to take appropriate steps to increase their security awareness.

U.S. citizens living or traveling abroad are encouraged to register with the nearest U.S. Embassy or Consulate through the State Department's travel registration web site at <https://travelregistration.state.gov/ibrs/ui/> so that they can obtain updated information on travel and security. Americans without Internet access may register directly with the nearest U.S. Embassy or Consulate. By registering, American citizens make it easier for the Embassy or Consulate to contact them in case of emergency.

For additional information, please refer to "A Safe Trip Abroad" found at <http://travel.state.gov>.

U.S. Government facilities worldwide remain at a heightened state of alert. These facilities may temporarily close or periodically suspend public services to assess their security posture. In those instances, U.S. embassies and consulates will make every effort to provide emergency services to U.S. citizens. Americans abroad are urged to monitor the local news and maintain contact with the nearest U.S. embassy or consulate.

As the Department continues to develop information on any potential security threats to U.S. citizens overseas, it shares credible threat information through its Consular Information Program documents, available on the Internet at <http://travel.state.gov>. In addition to information on the Internet, travelers may obtain up-to-date information on

security conditions by calling 1-888-407-4747 toll-free in the U.S. and Canada or, outside the U.S. and Canada on a regular toll line at 1-202-501-4444.

For further information, please see the Department of State's [Worldwide Caution](#) from January 17, 2008.
